vyudham drupadaputrena tava shishyena dhimata*

Behold, O Teacher, this mighty army of the sons of Pandu, arrayed by your wise disciple, the son of Drupada.

Manipulation through flattery and provocation is a weak leadership strategy. True leaders unite people through shared purpose, not by exploiting emotions.

LAW 3: CONCEAL YOUR INTENTIONS (3/48)

Keep people off-balance and in the dark by never revealing the purpose behind your actions. If they have no clue what you are up to, they cannot prepare a defense.
